**How:** Target areas under an officer's control and responsible for a large percentage of LODDs.

**Focus:** Driving, safety equipment, situational awareness and decision making. [Areas identified by LE experts]. Below 100 is comprised of five core tenets:

- Wear your belt.
- Wear your vest.
- Watch your speed.
- WIN – What's important Now?
- Remember: Complacency Kills!

Below 100 works because it focuses on areas under an officer's control and is a common-sense approach to officer safety. The presenters are experienced trainers with significant law enforcement experience.

**Below 100 – The life you save may be your own!**
